

Babysitting Drunks

Well I've watched over small children in many schools
Seen what happens to detention room fools
Watched over large herds of cows and steer
But my favorite is babysitting drunks and especially the drunks that are here.

Hey folks, Listen Up! Hold on to your drinks and pay attention...
Hey! Shut the Fuck Up!

You gotta take a big swig off your favorite drink
Quickly take another and don't even think. Don't even think!
Don't drool on your neighbor and do a big favor
And step back a foot, cause your breath sure does stink.

Ok, we are going to check a little bit of coordination to see if you are fit to continue
drinking or heaven forbid, drive. Hey - Listen up you stupid retarded cows!

Hold your drink high into the air and sway with the music and sing out loud:

I'm drunk, I'm drunk, I'm drunk as a skunk.
I'd rather be drinking then touching my junk.
I'm drunk, I'm drunk, I hope not to blow chunk
instead I will dance to a sexy funk

(Bridge - funk)

I'm drunk, I'm drunk, I'm drunk as a skunk.
I'd rather be drinking then touching my junk.
I'm drunk, I'm drunk, don't try to debunk
My nerve has got bigger but my brain has shrunk

Well I've watched over small children in many schools
Seen what happens to detention room fools
Watched over large herds of cows and steer
But my favorite is babysitting drunks and especially the drunks that are here.
